BRUSHLESS MINI DC WATER PUMP MODEL NO. JT-750

APPLICATION

Fountain, aquarium, pool, water tank, humidifier, green wall decoration, solar water circulation, candle light decoration, green wall decoration, soilless culture, hydroponics, pet drinking, dishwasher, foot massage, crafts, cooling fans, etc.

Please note: voltage, Max static water head/ Max flow rate can be customized as your requirements. And also the cord length, the connector.

KEY FEATURES

- Compact size, but high efficiency, low power consumption
- Environmental protection and safe: No waste, no radiation, low safe voltage.
- Long lifetime: Over 30000 hours.
- Heavy duty work: Can run a whole day and night continuously.
- Low noise, within 36 db
- Max working temperature: 70degC
- Pump has run-dry protection, can stop working when there is no water inside pump.
- It is better to operate in pure water to ensure its lifespan.

BRUSHLESS MINI DC WATER PUMP MODEL NO. JT-750

SPECIFICATION

- **Model:** JT-750
- **Rated working voltage:** 120/220-240 VAC, 50/ 60HZ
- **Start voltage:** 120/220-240 VAC, 50/ 60HZ
- **Working voltage range:** 120/220-240 VAC, 50/ 60HZ
- **Rated power:** 11W, **Rated current:** mA
- **Max static water head:** 140±20cm
- **Max static flow rate:** 700±50L/H (Flow adjustable)
- **Lifespan:** Continuous operation under normal working surrounding>20000H
- **Working Environment:** PH value:PH 5-10(weak acid and weak base), workable both on land and in water.
- **Max noise:** Under normal working condition,(1 meter over the test instrument)<40dB
- **Max working temperature:** Under room temperature surroundings, fluid medium temperature≤90°C
- **IP grade:** IP 68
- **Others:** It passed the Salt Spray Test
- **Color:** Black
- **Pump dimensions:** L71.0*W51.0*H57.0 (mm)
- **Inlet/Outlet Outer Diameter:** 5/16" 1/2"
- **Customizable function:**

1. Water shortage protection: when the water level is lower than the induction ball, it will automatically stop working until the water level is higher than the induction ball again

2. Filtration system: add filter sponge to prevents hair and particles from entering the pump.

Please note: The default is the regular model without water shortage protection or filtration system

3. PWM Speed control
